

## RoHS

### EC DECLARATION OF CONFORMITY RoHS 2015/863/EU and RoHS 2011/65/EU

Flowtech, declares that, as far as it is aware, all the electrical and electronic equipment (EEE) sold by the company do not contain the substances defined as substances with use restrictions pursuant to article 4, paragraph 1 in quantities exceeding the maximum tolerated concentrations, as defined in directive 2015/863/EU (RoHS III) which updates 2011/65/EU (RoHS II).

Articles containing copper alloys or high workability steels (AVP) containing lead are exempt as they are included in Annex III of the mentioned directive.

This declaration of conformity is issued under the responsibility of Flowtech.

Flowtech reserves the right to modify the information contained in this document without further notice.
